

Hope-Scrappers Split Pair

— Hope, (Ark.) Star photo by Gene Allen

BOTH SIDES
(from page one)

Top picture shows the battle between the Lady Cats and the Scrappers, which the Cats won in the final seconds 46-45.

Bottom photo shows the Bobcats in the dark jerseys, falling 70-47 to the Nashville Scrappers.

It now emphasizes the provocations on the part of the demonstrators.

Bellinger is among five top figures in the Chicago disorders under subpoena to testify as a House Un-American Activities subcommittee resumes its hearings today on the convention clashes.

Rep. Richard Ichord, D-Mo., subcommittee chairman, has said earlier hearings uncovered a number of known Communists involved in the protests. But the task force report said that while Communists were present at almost all stages, "none of them ever had much direct influence" on the planning or the actual clashes.

The report concludes the police involved in the violence were a minority of Chicago's 12,000-man force, but it says the task force charged.

"Nor," it added, "has any disciplinary action been taken against most of them. That some policemen lost control of themselves under exceedingly provocative circumstances can perhaps be understood, but not

condoned."

The study said if no action is taken against the police, then other officers who did act with responsibility will be discouraged.

It warns, "Although the crowds were finally dispelled on the nights of violence in Chicago, the problems they represent have not been.

"Surely this is not the last time that a violent dissenting group will clash head-on with those whose duty it is to enforce the law. And the next time the whole world will still be watching."

The task force made no recommendations in its report—that is expected to be the job of the full 13-man violence commission headed by Dr. Milton S. Eisenhower.

The commission is due to go into seclusion at a Washington hotel next weekend to begin writing its full report to President Johnson on the wide range of violence in America.

Johnson named the commission when Sen. Robert F. Kennedy was assassinated last June. The panel broadened its studies after the Chicago disorders. Daniel Walker, a prominent

Chicago Corporation lawyer, headed the 90-man task force under a contract with the violence commission.

The report is spiced with obscenity again and again as it quotes the taunts and the profanity from both police and protesters.

The task force had the report printed privately after the GPO refused to put it out without

CALENDAR

Keystone Lodge No. 43 will hold its regular meeting Tuesday December 3, 1968, at 7:30 p.m. All members are urged to be present and on time. Important business on the agenda. Meeting at the regular meeting place.

HOPE (ARK) STAR, Printed by Offset

being able to censor it.

In the blur of the battle, even the final number of injured remains uncertain in the report.

It counts 192 policemen hurt, 49 of them hospitalized.

On the other side, 101 demonstrators were hospitalized and the protesters' own medical teams estimated—without full records—more than 1,000 others were treated for tear gas or injuries.

Among the other victims were 63 newsmen attacked and beaten by police.

The report said police singled out reporters and cameramen as they tried to cover the melee in the streets and clubbed them with night sticks.

It also notes that police train-

ing forbids the use of night sticks except when necessary for an arrest, self-defense or prevention of an escape. And it points out that police are ordered never to hit a person on the head with the club.

Daley said Sunday 10 policemen have been suspended for failing to wear identification during the disorders and four others "face dismissal proceedings for the use of excessive force."

He said the Police Department is continuing its investigation and added, "I am pleased that the report notes that the majority of policemen did act responsibly under exceeding

provocative circumstances."

The violence broke out on the eve of the convention Aug. 25 as police invoked a curfew to clear demonstrators from a park. One of the first victims was a University of California criminologist struck in the back with a shotgun as he tried to aid a boy who had fallen under police blows.

The report noted the criminologist had come to Chicago "to study convention security procedures."

Police chased retreating protesters through the streets of Chicago's Old Town, a night club and Bohemian area. The scene was repeated the next night with even more fury.

A seminary student slugged

with a gun butt lost part of his sight. A man getting off a bus as he came home from work was hit with a night stick, the report said. Newsmen took their worst beating this night as police hammered more than two dozen as they tried to cover the fighting.

On Wednesday—the day the Democrats nominated Hubert H. Humphrey for President—protesters lowered an American flag in a park opposite the candidates' hotel and ran up a red cloth resembling a Viet Cong banner. Police charged the flagpole, the report said, and were pelted with stones, bricks and bottles as they pulled down the red pennant.

Police and demonstrators

Monday, December 2, 1968 faced each other in lines that looked like the moment before a battle. The police rushed forward, the report said.

Clubs ripped into the crowd. "In the wink of an eye, the police appeared to have lost all control," one witness was quoted as saying. But the battle at the flagpole was still just a prelude to what was to come that night.

Protesters outflanked National Guardsmen and burst out of the park at dusk to besiege the main hotel. The taunts to police escalated in obscenity. At 7:57 p.m. the police started the arrests and, in the words of one patrolman, "Everything went up for grabs."

Liam W. Scranton of Pennsylvania, who left later on a six-nation Middle Eastern tour for Nixon.

Scranton told newsmen he would sound out leaders of Israel and her Arab neighbors for their views not only on the tense Middle Eastern situation but also on global problems in general.

Declaring that he would be a listener, not a talker, during the tour, Scranton told, "I don't expect or intend to propound policy."

The Pennsylvanian will be visiting Israel, Iran, Jordan, Lebanon, Saudi Arabia and the United Arab Republic.

He termed that region "the most vital and certainly the most volcanic in the world today."

Scranton often has said he has no desire to return to public office. Asked whether he were wavering on this—inasmuch as he was embarking on his second overseas mission for Nixon in recent months—he said:

"I do not want to return to public life in any capacity."

He said he never had discussed with Nixon any possible Cabinet appointment for himself.

There has been speculation that Scranton might be a possibility for secretary of state or U.S. ambassador to the United Nations.

Sitting in on Scranton's predeparture meeting with Nixon was Sen. John Sherman Cooper, R-K.

Nixon announced Monday morning his appointment of Harvard Prof. Henry A. Kissinger as his assistant for national security affairs. Kissinger will fly to Washington Thursday for meetings with Secretary of State Dean Rusk and Walt W. Rostow, the man who now fills the security adviser's post at the White House. He also expects to meet soon with Secretary of Defense Clark Clifford and director Richard Helms of the Central Intelligence Agency.

FASHION COLUMN
By VIRGINIA HARWELL

What's in store for you over the holidays? A great deal of fun and excitement, we hope. But the hectic pace of the season calls for careful planning, if you are to enjoy it to the fullest. Meals must be planned. Time and money must be budgeted. And your wardrobe must be complete. Having the right clothes for the right occasion definitely counts.

For those sit-at-home days, when attention is centered around the family, spark the occasion with lovely sportswear. Lean-looking stretch pants and matching sweater could make the difference between a dull day and a bright one. Relatives visiting? Pick an outfit characterized by beauty, grace, and comfort. For more formal occasions a basic dress offering style, good taste, and versatility would be a wise choice. Of course, for a special party, nothing short of a special party dress will do! And it must be one which is right in step with your mood and personality, whether this calls for a blazing red chiffon, a soft pastel dream, or a daring silver metallic sheath.

You will find your needs for these and all the other important occasions coming up at Raley's Style Shoppe. Shop there today, as a first step toward getting your holiday in order.

ADVANCE PARTY
(from page one)

strength by the end of the week, U.S. and North Vietnamese negotiators held their first meeting Monday on procedures for opening the conference next week.

A U.S. official said afterward there was progress at the private session and more would be held. He said the diplomats also traded protests about military action in Vietnam and did not nail down any specific agreements.

Hanoi's top envoy at the meeting, Col. Ha Van Lau, protested what he said was U.S. bombing of North Vietnam despite President Johnson's bombing halt order Nov. 1. U.S. Ambassador Cyrus gr. Vance was reported to have complained of North Vietnamese attacks on U.S. reconnaissance planes and "abuse" of the demilitarized zone.

The private meetings are intended to work out minor details of the expanded peace talks, such as the time and place of the opening session, languages to be used, and the number and rank of attending delegates.

More important procedural items, such as the agenda, frequency of sessions and who speaks on what, are expected to be left until the conference gets under way.

No Legal Way
to Sell Any
Mixed Drinks

By ED SHEARER
Associated Press Writer

LITTLE ROCK (AP) — Roe Gaspard, director of the state Alcoholic Beverage Control Department, says he knows "of no legal way" that mixed drinks can be sold in private clubs.

"I have not, as yet, been able to determine whether or not the practice of 'brownbaggging' is legal," Gaspard said. The mixed drink question, which has been boiling since March, is currently pending in the Arkansas Supreme Court in an appeal from Chancellor John T. Jernigan's ruling in October declaring illegal the Class 6 permits under which the ABC Board has licensed 46 private clubs to sell mixed drinks.

The latest furor has evolved from the refusal of Jernigan and the Supreme Court to stay the Little Rock chancellor's order pending its disposition by the high court. Had the stay been granted, the clubs could have continued to serve drinks under Class 6 permits until the litigation was resolved.

UN to Take
Up War on
Pollution

By TOM HOGGE
Associated Press writer

UNITED NATIONS, N.Y. (AP) — The General Assembly put aside the issue of man's wars against man today and sought ways of preventing humans from polluting their world into extinction.

It was the first time the question of poisoning the atmosphere and depleting the soil has been taken up in plenary session of the 126-nation body which usually deals with such issues as war and peace.

Sweden and 50 other nations have introduced a resolution to call a world conference on pollution. Swedish Ambassador Sverker Astrom told a news conference Monday his government believes it is imperative for all U.N. members to take urgent steps to establish a more harmonious environment.

Obituaries
DOBSON INFANT

Kimberly Dawn Dobson, infant of Mr. and Mrs. Roy G. Dobson of Spring Hill, died Tuesday in a local hospital.

Besides the parents surviving are a sister, Trena Lyn of the home; grandparents, Mr. and Mrs. R.F. Dobson of Spring Hill. Graveside services will be at 4 p.m. Tuesday at Rose Hill Cemetery by the Rev. Connie Robins. Arrangements are in charge of Herndon Funeral Home.

BRACKNELL, England (AP) — Mary Borden, American-born author of several best-selling books and the titled wife of a British general, died Monday. She was believed to be in her early 80s. Miss Borden, daughter of Chicago businessman William Borden, was married in 1918 to an Englishman who became Maj. Gen. Sir Edward Louis Spears.

MONS, Belgium (AP) — Gen. William S. Stone, 58, air deputy to the Supreme Allied Commander in Europe, died Monday, apparently of a heart attack, while exercising at the SHAPE gymnasium. Stone, of Ferguson, Mo., assisted and advised Gen. Lyndon L. Lemnitzer in all matters relating to air forces assigned to Allied Command Europe.

CINCINNATI, Ohio (AP) — George MacGregor Harrison, 73, president of the Brotherhood of Railway Clerks for many years until he retired in 1963, died Saturday. He served in various capacities with the administration of three U.S. presidents, beginning with Harry S. Truman.

EAST LANSING, Mich. (AP) — Dr. Henrik J. Stafseth, 78, head of the Michigan State University department of microbiology and public health for nine years beginning in 1947, died Sunday after a long illness.

Gen John J. Pershing received the Pulitzer Prize for History in 1932.

FIGHTING
(from page one)

40 miles inside Jordanian territory, and the commandos blew up a rail bridge and a highway span on the route between Amman and Jordan's only port, Aqaba. Israel said the raid was in retaliation for more than 50 Arab sabotage raids since Nov. 16.

Jordan complained to the U.N. Security Council about the Israeli actions Sunday, calling them "grave premeditated attacks in direct violation" of the U.N. cease-fire order. Jordan said four Jordanians were killed and six were wounded, but it did not request any council action.

In Moscow, Pravda charged that the Israeli commando raids in Jordan and Egypt were "recklessly adventurous" and "fraught with grave consequences." An front-page editorial in the Soviet Communist party newspaper warned that "dangerous complications may develop in the Middle East" as a result of the raids.

It made no mention of the Arab sabotage and attacks which Israel said prompted the retaliatory raids.

MAN WILL
(from page one)

to you? Poor unhappy lad, you've got cheimaphobia, the fear of cold.

Some bashful men hate to see topless waitresses or girls who wear miniskirts too short. They are incipient victims of gynophobia. They dread seeing naked bodies.

Are you afraid that people will laugh if you sit down at a piano. Put yourself down as a catagelophobe, one who dreads ridicule.

Do all these fears seem dull to you? Do you want to come up with a new and interesting fear that will impress everyone in your block? Well, why not succumb to auroraphobia?

That is the fear of the northern lights—so rare it will even impress your psychiatrist.

Tells HUAC He Was Dupe of the CIA

By JACK KNEECE
Associated Press Writer
WASHINGTON (AP) — A witness before a House Un-American Activities subcommittee has told the panel it represents "a racist philosophy that has no meaning in the 20th Century."

The comment was made Monday by Tom Hayden, 28-year-old New Leftist and leader of anti-war protesters who told the subcommittee he was dedicated to putting it and is parent group out of business.

Hayden was the leadoff witness as the subcommittee resumed hearings into the street disorders that marred the Democratic National Convention in Chicago last August.

Hayden, called back to the stand today, spent much of the opening session outlining his anti-Vietnam war activities, including the role he played in negotiating the release of American prisoners held by the Viet Cong and North Vietnam.

Over the past few years, he said, he has helped win the release of nine prisoners.

Hayden also said that he once "was a dupe of the Central Intelligence Agency."

"I was hired to go to the Youth Festival at Helsinki, Finland to carry Old Glory into the heartland of communism," he said.

He said he was supposed to have published a newspaper for distribution at the festival, but later changed his mind.

The CIA had no comment on Hayden's assertions.

Under questioning, Hayden said the organizers who marshaled some 10,000 youthful demonstrators in Chicago never intended violence.

But he said police, who were accused of brutally assaulting demonstrators in a government sponsored report released the past weekend, had attacked in disciplined manner.

"The police were obeying the orders of Mayor Richard J. Daley," said Hayden.

The government report said the police action, although often "mindless," was provoked by obscene harassment. But Hayden told the subcommittee that because of the severity of police reaction it should not be considered "unusual for the victims to think obscene thoughts."

Questioned about his personal finances, Hayden said he had an independent income from books and lecture bids that come to him because of the "notoriety that people like you and the mass media have given me."

Man Will Never Run Out of Phobias, He'll Just Invent New Ones

By HAL BOYLE
NEW YORK (AP) — What are you afraid of?

Not long ago we listed here a number of phobias that might add to your social status. A number of prestige seekers, seeking to be afflicted with even rarer panics unknown to their neighbors, asked if there were any more on the list.

Indeed there are. Mankind will never run out of phobias; if he cures an old one, he is bound to find a new one.

Here are a possibilities that may be of interest:

If you dislike animals generally, you are suffering from simple zoophobia. However, if you can't stand touching their fur, you are a dactylophobe, and if you are frightened by the teeth of animals you are an odontophobia.

Worried pedestrians can be put into two classes. Are they afraid of automobiles approaching from the left side? They are levophobes. Are they afraid of automobiles coming from the right side? They are dextrophobes.

Many college girls don't like to make a date for the prom too far ahead because they are hopeful some guy they like better will ask them later. This is perhaps the most common ailment of coeds and is scientifically known as merinophobia, the fear of being bound or tied up.

If a friend tells you something you don't believe and you reply,

Radicals Have Little Support Among Negroes for a Shooting War

By JERRY BUCK
Associated Press Writer
NEW YORK (AP) — Dr. Gunnar Myrdal, the Swedish social philosopher, says he believes that radical leaders who want to turn the Negro revolution into a shooting war have little support among the Negro people.

"They're only 10 per cent of the population. Negroes are clever enough to know that in a guerrilla war they would be the ones to be killed," said Myrdal, whose book "An American Dilemma" forecast the shape of the racial revolution 24 years ago.

Myrdal said, "The danger in violence, as I see it, is that after it comes a demand for law and order. And throughout history law and order has been a pretext for not making the fundamental reforms needed."

"If we don't recognize our debt to the poor," he said, "this country is going to disintegrate into factions."

Myrdal told the Graduate Division of the University of New York that 25 years ago "I can say I was an expert on the Negro problem in America."

"Twenty-five years ago I could write and not worry that something in the next week would upset my predictions. I cannot do that now," he said.

"I, the present situation I'm not an expert. I'm not presenting a view that I feel is absolutely right."

Still, Myrdal at 70 shows no sign of fearing to kick the sacred cows that has made him the object of criticism and indignation here and in his native Sweden.

head of blond hair, and his green eyes sparkle.

Myrdal had this to say on aspects of the racial revolution: "I'm against the so-called Marshall Plan for the Negroes. If anything is going to cause trouble it is singling out the Negro for special treatment. The Negroes are a minority in this country. Among the poor they're a minority. You can't solve the Negro problem simply as a Negro problem; You have to solve it as a part of the poor problem."

"I don't think President-elect Richard Nixon's proposal for black capitalism is going to accomplish much. Black capitalism is by its very nature not national, not industry, but consists of little insurance companies, banks and shops. I'm all for black capitalism, but it's very petty. It solves very little."

On "Black is Beautiful," "I'm all for overcoming the inferiority Negroes feel, but as a social scientist I'm not for building a black mythology. The danger is that you are accepting a lot of things about Negroes that they are Americans. Make no mistake about that. The Negro middle class is more puritan than the white middle class with its English Puritan background."

Myrdal said, "The danger in violence, as I see it, is that after it comes a demand for law and order. And throughout history law and order has been a pretext for not making the fundamental reforms needed."

"If we don't recognize our debt to the poor," he said, "this country is going to disintegrate into factions."

Educator Adviser to Nixon

By FRANK CORMIER
Associated Press Writer
NEW YORK (AP) — President-elect Richard M. Nixon apparently has chosen Dr. Lee A. DuBridge, president of the prestigious California Institute of Technology, as his personal science adviser.

Nixon told reporters he would announce his choice today. Anticipation of a DuBridge appointment was strengthened by the fact that he is the only scientist known to have conferred with the incoming chief executive in recent days.

A physicist, the 67-year-old DuBridge has been president of Cal Tech since 1946. Over the years, he has been a member of many federal advisory bodies—especially during the administrations of Harry S. Truman and Dwight D. Eisenhower.

After DuBridge met with Nixon last week, the scientist would neither confirm nor deny that he was in line for the full-time White House post, now occupied by Dr. Donald F. Hornig. He said it was a matter for Nixon to decide and announce.

The President-elect met late Monday with former Gov. Wil-

Advance Party of S. Vietnamese Arrive in Paris for Talks

By LEWIS GULICK
Associated Press Writer
PARIS (AP) — An advance party for South Vietnamese Vice President Nguyen Cao Ky began arriving in Paris today as U.S. and North Vietnamese negotiators inched toward the opening of an expanded peace conference.

Nguyen Thieu Nhon, Ky's special assistant for legislative relations, was the first arrival. South Vietnamese officials said Ky's press spokesman, Dang Duc Khoi, is due Wednesday.

Ky is expected this weekend. He will supervise the Saigon government's negotiating team, but South Vietnamese sources said Saigon's group at the conference table will be headed by Pham Dang Lam, South Vietnam's chief observer in Paris when the United States and North Vietnam were doing the talking from May to October.

Lam returned to Saigon last month for his father's funeral and is expected back Friday.

With the South Vietnamese delegation expected in full

DMZ Center of Activity, U.S. Reports

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — The U.S. Command said today that reconnaissance has disclosed 455 indications of North Vietnamese activity in the demilitarized zone since the bombing halt on Nov. 1 and in at least 122 of the incidents American planes, artillery or warships fired on the enemy forces.

Previously the U.S. Command had reported American firing into the DMZ on 30 occasions since the bombing halt, occasions which the command had called "significant" incidents of enemy activity. Today a U.S. spokesman disclosed that American forces had fired into the southern half of the zone 117 times and into the northern or North Vietnamese half five times.

"The reason we did not report the others is that the results were not significant," the spokesman said. "In some cases the target was obscured and we could not get an accurate assessment. In other cases, bad weather precluded an assessment. You might call some of it harassing and interdiction fire, like cutting a road where activity had been spotted."

While the majority of the 455 "indications of enemy activity or presence in the demilitarized zone" were labeled insignificant by U.S. Headquarters, the totals made clear that North Vietnamese activity in the zone continues to be brisk and that U.S. planes and ground forces are on the alert to retaliate.

The spokesman said the "indications" of a bombing halt was unconditional and that U.S. reconnaissance flights over the DMZ and North Vietnam

SOCIETY

Phone 7-3431 Between 8 a.m. and 4 p.m.

Calendar of Events

WEDNESDAY, DECEMBER 4

Youth Choir Practice will be held at the First Presbyterian Church at 3:45 p.m. Wednesday, Dec. 4.

The First Presbyterian Church is holding a Men's dinner, in Fellowship Hall at 7:00 p.m. Wednesday, Dec. 4.

THURSDAY, DECEMBER 5

The Hope Junior Auxiliary will have a Bazaar in the Village Shopping Center Thursday, December 5 through Saturday, December 7 from 10 a.m. until 4 p.m. each day. There will be handmade gifts and decorations, White Elephant items, and goodies from the kitchen. The proceeds will be used for Junior Auxiliary projects in Hope, and Bank Americards will be welcome.

The Senior Citizens will hold this regular meeting Thursday Dec. 5, at 1:30 at the New Center on Texas St. There will be an election of new officers. All members are urged to be present.

The Laneburg Junior Class is sponsoring a Gospel Sing in the high school auditorium Thursday, December 5 at 7 p.m. with Wayne Bell of The Messengers as the Master of Ceremonies. Tickets are 50 cents for adults, 25 cents for students, and all children under 6 years of age will be admitted free.

The Regnet of Hope Chapter 328, OES, will meet Thursday, December 5 at 7:30 p.m. at the Masonic Hall, 314 South Main. All members are urged to attend.

The Gardenia Garden Club will meet Thursday, December 5 at 12:30 p.m. at the Heritage House for their Christmas Luncheon. Hostess are Mrs. Bob Turner, Mrs. Charles Johnson and Mrs. Steve Carrigan, Jr.

SATURDAY, DECEMBER 7

The Hope High School Class of 1948 will have its 20-year reunion in Hope Saturday, December 7. Coffee will be served and fellowship enjoyed at the Woodman Hall from 10 a.m. until 1 p.m. and dinner at the Town and Country will be served at 7 p.m. For reservations that night call 777-3554.

Shover Springs 4-H Club will sponsor a chili supper Saturday, December 7 from 6:30 to 9 p.m. in the Fellowship Hall

at Shover Springs. Everyone is invited.

SUNDAY, DECEMBER 8

The First Presbyterian Church is holding a Installation Service for the Pastor at 7:00 p.m. on Sunday, Dec. 8.

Everyone is urged to be present as a vote of support to the Pastor in the forthcoming relationship of Pastor and congregation at the First Presbyterian Church, Sunday, Dec. 8.

MONDAY, DECEMBER 9

WCS of the First United Methodist Church will have a Christmas Potluck luncheon Monday, December 9 at 12:30 p.m. in the Fellowship Room. The Wilson Phillips offering will be taken.

COSMOPOLITAN CLUB MEETS

Mrs. Everett Vinson, program chairman, presented Mrs. Tom Watson, who reviewed "Tell No Man" by Adela Rogers St. Johns, at the Cosmopolitan Club meeting on Tuesday, November 26, which was held in the lovely new home of Mrs. Charles Routon, Jr. Pretty camellias in cut-glass were seen at vantage points. Mrs. Hamilton Hanagan, president, had charge of the business meeting, and it was decided to have the December meeting on the 10th with an exchange of gifts. Mrs. Routon and her co-hostesses, Mrs. Royce Smith, served a salad plate and coffee to 16, including a guest, Mrs. Roy Taylor.

BRIDE-ELECT FETED WITH A TEA

Miss Diane Ellis, bride-elect of Hubert Lynn Barksdale of Pine Bluff, was feted with a tea Saturday, November 30 by Mrs. Franklin McLarty, Mrs. Mack McLarty of Fayetteville, and Mrs. Donald Moore in the Franklin McLarty home. Guests were greeted at the door by Mrs. Lloyd Spencer and Mrs. Talbot Felid, Jr., who introduced them to the receiving line.

There, they met the hostesses; the honoree, who wore pale blue wool trimmed with satin and had a white gardenia corsage; and the mothers of the engaged couple, Mrs. Leonard Ellis and Mrs. Hubert E. Barksdale of Pine Bluff.

A yellow and white color scheme was used in the entertainment rooms with candles and carnations seen at points of interest in either silver or brass

containers. In the dining room the serving table was overlaid with a white cloth trimmed with Alencon lace and centered with a silver epergne holding yellow candles and carnations.

Sandwiches, individual fruit cakes, petits fours, and mints were served from silver appointments. Coffee or yellow fruit punch were poured by Mrs. J.L. Powell, grandmother of the honoree, Mrs. A.D. Brannan, Mrs. Van Moore of Lake Charles, La., and Mrs. R. L. Broach.

Members of the house party included: Mrs. Hamilton Hanagan, Mrs. Sam W. Strong, Miss Ruth Lewis, Mrs. Bess Evans, Mrs. E.J. Whitman, Mrs. Thompson Evans Jr., Mrs. David Lewis of Nashville, Miss Cindy Reese, Miss Peggy Franks, Miss Marge Royston, Mrs. Jack Caldwell, Mrs. Max Bruce, Mrs. Horace Fuller, Mrs. Andy Caldwell, Mrs. Emmett Thompson, and Mrs. McDowell Turner.

A gift of linen was presented to the bride-elect by the hostesses. Approximately 150 called during the appointed hours.

METHODIST KINDERGARTEN CHILDREN CELEBRATE THANKSGIVING

The children of the Methodist Kindergarten observed the brief devotional program in the church sanctuary and a party in the kindergarten rooms. Early in the week, to dramatize the story of the first American Thanksgiving, the children built a walk-in log house in the playroom. On Wednesday morning the group visited the church sanctuary to enjoy the stained glass windows and have their own Thanksgiving service. They used a prayer which the children had composed and sang a hymn.

Later in the morning, to enact the part the Indians had in the first Thanksgiving Day, the children wore Indian head-dresses which they had made, carried Indian shakers, and decorated with miniature tapepees. They enjoyed refreshments which the children had planned and prepared themselves.

Coming. Going

Guests of Mrs. Marlon Holder and Emma Hatley for the Thanksgiving holidays were Mr. and Mrs. Jeff Wilson, Jennie and Scott, Joplin, Missouri, Mr. and Mrs. Robert Hinton, Michelle and Teresa, Lawrence, Kansas, Mary Ellen Holder from Fayetteville.

Mr. and Mrs. Frank Kirk, Jr., Norman, Okla., spent Thanksgiving with his grandparents, Mr. and Mrs. H.C. Whitworth.

Beauty from Down Under

Australia seems to be enjoying a bumper year in beauty. Representing the Down Under continent, Penelope Plummer, right, 18-year-old librarian, captured the "Miss World" beauty contest in London recently. Janette McLeod, 17, left of Sydney, is this year's winner of the "Miss Teen International" pageant conducted in Los Angeles.

Mr. and Mrs. Harold Phillips and George, Richardson, Tex., were weekend guests of Mrs. Ben Edmiston, and they were joined on Sunday by Mr. and Mrs. Marvin Sinyard, Joni and Allen, Texarkana.

Mr. and Mrs. Virgil Cochran, Hot Springs, and Mr. and Mrs. Mack McLarty, Fayetteville, were Thanksgiving visitors of Mr. and Mrs. Frank McLarty.

Miss Martha Waddle and Mrs. Cecil Wyatt spent Thanksgiving in Texarkana with Mr. and Mrs. Fred Norton and family.

New Arcade Is Opened by Czechs

By GENE KRAMER
Associated Press Writer

PRAGUE (AP) — "Jirek, this is Vera," the young woman said. "You'll never guess where I'm calling from—under Wenceslas Square—the new arcade—It's bright and warm down here and they have shops..."

Speaking from a telephone booth, Vera was one of tens of thousands who took part Monday in one of Prague's nicest happenings after months of tragedy.

It was a simple event, the opening of a pedestrian arcade under the heart of the Czechoslovak capital. But the place and the circumstances meant something special to the people whose city was invaded 15 weeks ago by Soviet troops.

Wenceslas Square is actually a short stretch of boulevard resembling the Champs Elysees in Paris, with magnificent old buildings lining both sides.

At one end is the National Museum, pocked by Soviet gunfire during the last week of August, and the equestrian statue of Bohemian King Wenceslas, where Czechs still leave flowers and light candles in honor of young patriots killed during the invasion. Portraits of President Ludvik Svoboda, Communist party leader Alexander Dubcek, and Tomas C. Masaryk, founder of the Czechoslovak republic, are at the base of the statue.

After the mayor of Prague cut the ribbon, the Czechs poured down the arcade's 10 stairways to inspect the project that for 19 months had kept the plaza closed to all vehicles except trams—and the Soviet army's trucks and tanks.

"The important thing is that we did finish it," a bespectacled man with a folded newspaper said to his companion. "And we must also finish the other things we have begun, the rehabilitations and the reforms..."

Television and Radio

By CYNTHIA LOWRY
A P Television-Radio Writer
NEW YORK (AP) — It is becoming easy to spot programs in such poor health that they probably will not survive.

Poor health in television terms is any network program that fails to attract at least one third of the TV audience.

A scanning of the Nielsen ratings reports indicate that it will take a miracle cure to boost such shows as "The Guns of Will Sonnet," "The New Adventures of Huckleberry Finn and the Avengers."

Other programs that are not in good shape now include "The Outcasts," "The Jerry Lewis Show," "Star Trek," "N.Y.P.D.," and "The Big Valley." "Hawaii Five-O," "Blondie," "Judd for the Defense," "That's Life" and "The Jonathan Winters Show" and "Hollywood Palace" also look frail.

While NBC and CBS see-saw back and forth weekly in topping the list for the network with the highest average rating, ABC trails by several points weekly in terms of audiences for its product.

Death in the springtime usually comes to those series which come in third in their time periods in the three-network battle for audience attention. Sometimes, however, a show that was weak one season manages to get stronger if moved to a different time. This season, for instance, "High Chaparral" appears to be doing nicely in an early Friday night position while last season it was dying in

time you read this letter. Political fever cools fast after an election, especially when you're 13. — H.

Dear Helen: Is sex the only thing a couple going steady thinks of?

Three girls last month told me they thought they were pregnant. On girl (16) really is, and is getting married. The other two were lucky, only I wouldn't call it that!

If going steady means going all the way, forget it! I'm not for it at all. — A.T.

Dear A: ...Nor are the majority of teens, if you don't believe me, start a discussion in your physical education class. Most girls don't condemn those who fall but, like you, they're determined not to louse up THEIR lives.

Stay smart! — H.

a late Sunday spot. "The Good Guys," the new Bob Denver situation comedy, started out dismally but now seems to have picked up steam. In the last Nielsen, it climbed into the top third. "The Doris Day Show," which bobbed around alarmingly early in the season, now seems to have established its niche—25th in a list of 86 shows in the last report—and so is assured of a safe return.

With increasing production costs—half hour shows now cost between \$75,000 and \$90,000 per program, and hour shows twice that—it is necessary for the average series to have three seasons of network exposure before its producers can be assured of much profit.

ABC has not made the formal announcement but "The Dick Cavett Show" will wind up its brave, short-lived morning run at the end of January. It is a victim of small audiences and, as a result, little sponsor support and the network has been losing money with the show.

NBC has signed Andy Williams to a contract, and he will return next season in a weekly variety hour.

Recommended tonight: "Rep-tiles and Amphibians," CBS, 7:30-8:30 EST, another in the National Geographic Society series; "Elvis," NBC, 9-10; Presley's first TV special, with the Blossoms, a vocal group; "Brigitte," NBC 10-11, Miss Bardot's first TV special, with Sacha Distel, shot in France and England.

Freedom for First Lady

WASHINGTON (AP) — Mrs. Lyndon B. Johnson says she hopes the wife of a president will always have the freedom to do what comes naturally. "It would be very easy for critics and observers to fit one First Lady into a mold created by another, a mold which might prove uncomfortable to everyone," she said Monday night at the Women's National Press Club.

"I would hope our president's wife would always have the freedom to do what comes naturally," she said. "And I have no doubt this would always serve the public good."

Hope Star SPORTS

Hope Beats Fuller in OBU Tourney

By RALPH ROUNTON
Star Sports Writer

Senior James Simmons made one free throw last night, but it came with only 11 seconds left and meant the difference as the Hope Bobcats outmaneuvered the Little Rock Fuller Panthers 69-68 in the OBU Tournament in Arkadelphia last night.

It was a real upset, as the Panthers are picked highly in Region 3-AA's Eastern Division. The victory put Hope in the quarter-finals, where the Cats take on Arkadelphia tomorrow night at 9:00 p.m.

Now 1-1 for the year, the Bobcats won their first game under new coach Bill Reyenga and go for a two-game streak against Prescott tonight at Jones Field House. Last night Prescott was beaten 57-47 by England, also in the Ouachita Invitational.

As they had against Nashville last Saturday night, Hope started fast by combining the outside shooting of Simmons with under-the-basket play by big 6 ft. 6 in. Jim Singleton, who was the Bobcats' leading scorer for the night with 21 points.

The only lead Hope could get was a 14-13 margin late in the period, but Fuller came back with a last-second two-pointer to forge ahead to stay at 15-14.

Cooling off in the second quarter, the Bobcats succumbed to a fine pair of forwards in Panthers Robert Abraham and Herman Lindsey. They combined for 17 points in the second quarter, and it took a closing rush at half-time for Hope to pull within eight points at 37-29.

For the first half the Bobcats had a respectable 46.7 per cent shooting average from the field, but Fuller's big inside men were whipping the nets at a 58 per cent rate.

Starting slowly in the third quarter, Hope found themselves behind by as much as nine points consistently. Later on the Bobcats began drawing crucial fouls that put Hope in a one-and-one situation by the end of the quarter.

Late in that third segment came a turning point, when the Bobcats suddenly began burning the nets from everywhere. The deficit kept lowering, until a layup on a fast break by Ricky Putman at the buzzer tied things up at 50-51.

They kept up the breakneck scoring pace through the first four minutes of the fourth quarter, running it up 58-58. Then Hope cooled off after a Fuller timeout broke the shooting battle up, and the Panthers capitalized quickly on three Bobcat errors to move ahead 64-58.

Here Coach Reyenga pulled the first of his four timeouts in the closing moments, resting the team which had not worked into top shape yet. Then he put on a quick full-court press, and two immediate turnovers gave Hope a chance.

Still, it took two crucial baskets by Johnny Johnson and Terry Turner to narrow the gap, and they hit successively to tie the game at 66-66 once more. Fuller picked up two free shots by soph guard Mike Hester, but Bobcat Putman did the same moments afterward to make it 68-66 with 0:56 remaining.

Another crucial steal gave Hope the ball, and after a timeout the Cats began working for one final shot. However, a walking violation was pinned on Simmons at 0:21, which was immediately followed by another scramble in which James was fouled by Lindsey.

On a one-and-one, Simmons hit the first end and missed the other, and strangely the Bobcats fouled them again with

First Cage Poll Has UCLA Tops

By THE ASSOCIATED PRESS
UCLA was the unanimous No. 1 pick in The Associated Press preseason major college basketball poll. The Bruins still are.

UCLA was named first on all 24 ballots cast Monday by a panel of sports writers and broadcasters after opening its season last Saturday by beating Purdue 94-82.

UCLA has 480 points to 344 for second-place North Carolina, which opened its season Monday night by downing Oregon 89-78.

Third with 317 points is Kentucky, which thrashed Xavier, Ohio, 115-77 Saturday and topped Miami, Ohio, 86-77 Monday.

Kansas, 88-65 winner over St. Louis Saturday, moved to fourth and Notre Dame, yet to play, dropped to fifth.

Houston moved into a sixth-place tie with Davidson, New Mexico moved up to eighth from ninth Cincinnati jumped from 14th to ninth and Villanova advanced from 11th to 10th.

All five teams had easy times in their openers.

The top 20, with first-place votes, records and total points. Points awarded for first 15 picks on basis of 20-18-16-14-12-10-9-8-7 etc.

1. UCLA (24)	1-0 480
2. North Carolina	0-0 344
3. Kentucky	1-0 317
4. Kansas	1-0 280
5. Notre Dame	0-0 226
6. Tie, Houston	1-0 221
7. Davidson	1-0 221
8. New Mexico	1-0 151
9. Cincinnati	1-0 120
10. Villanova	1-0 118
11. St. Bonaventure	0-0 88
12. Vanderbilt	0-0 73
13. Ohio State	1-0 67
14. Purdue	0-1 53
15. Detroit	1-0 52
16. Duke	1-0 49
17. Western Kentucky	1-0 34
18. San Clara	1-0 32
19. California	0-0 31
20. Tie, Marquette	0-0 25
Tennessee	1-0 5
Iowa	1-0 25

only eight seconds to play. This time Panther Randy Chambers missed his mark, and a jump ball was called on the rebound.

Controlling the tip from Singleton, Putman was quickly fouled with three ticks to go. He missed, but Hope rebounded and that was the game. It took a 70 per cent average from the field in the second half, but the Big Cats came through, 69-68.

After the game Reyenga said that "everyone gave 110 per cent effort. We showed a lot of determination, hustle, and desire." He also commended the performances of Singleton, Turner, Putman, and Simmons who played most of the time as only seven were used in all.

Now the squad faces Prescott tonight at home, in a game following the senior girls' about at 6:30 p.m. There will only be two games played, Thursday night the Junior Boys and Girls travel to Nashville for a pair of games, as the seniors get the night off. Then the Lady Cats and Bobcats travel to DeQueen to play the Leopards on Friday evening.

Poll Places Porks 9th in Nation

By THE ASSOCIATED PRESS
That Dream Match—the No. 1 team against the No. 2 outfit in the Rose Bowl—remained a reality today . . . but just barely.

Ohio State solidified its hold on the top spot in The Associated Press' major college football poll, but the Buckeyes' New Year's Day foe, Southern California, had only a precarious hold on second place after last weekend's 21-21 draw with Notre Dame.

The Buckeyes, who wound up their regular season on a 9-0 note Nov. 23, drew 34 of the 39 first place votes in amassing 770 points.

Southern Cal, the No. 1 team for six straight weeks before being displaced by Ohio State a week ago, had 631 points—only 13 more than No. 3 Penn State, 9-0 and Orange Bowl bound.

A week ago, Ohio State held only a 10-point margin over Southern Cal.

Because the race is so tight, the final AP poll of the season won't be released until after the Jan. 1 bowl games.

Georgia, 8-0-2, which polished off arch-rival Georgia Tech 47-8 last weekend, remained fourth, but Texas, 8-1-1, advanced a notch to fifth after routing Texas A&M 35-14 Thanksgiving Day.

Idle Kansas, 9-1, slipped to sixth, while Notre Dame's tie with UCS boosted the Irish, 7-2-1, up two spots to seventh.

Tennessee, 8-1-1, a 10-7 conqueror of stubborn Vanderbilt, was eighth, down one spot; idle Arkansas, 9-1, dropped one place to ninth, and Oklahoma jumped from 11th to 10th on the strength of a 41-7 blasting of Oklahoma State.

Idle Purdue, 8-2, moved from 12th to 11th; Alabama, 8-2, advanced from 15th to 12th following a 24-16 victory over Auburn; idle Michigan, 8-2, remained 13th; idle Oregon State, 7-3, held on to 14th, and surprising Ohio U., 10-0, leaped from 17th to 15th although it did not play.

Rounding out the top 20 were No. 16 Missouri, 7-3; No. 17 Arizona State, 8-2; Houston, down all the way to 18th from 10th after a 40-20 loss to Florida State that lifted the Seminoles from among the also rans into the No. 19 slot, and No. 20 Southern Methodist, newcomer which finished with a 7-3 record Nov. 26.

Auburn, 18th last week, dropped from the rankings after the loss to Alabama. Also vanishing was Arizona (9th) after suffering a 30-7 drubbing by Arizona State.

1. Ohio State (34)	90 770
2. So. Calif. (21)	9-0-1 631
3. Penn State (3)	9-0 618
4. Georgia	8-0-2 628
5. Texas	8-1-1 399
6. Kansas	9-1 394
7. Notre Dame	7-2-1 335
8. Tennessee	8-1-1 312
9. Arkansas	9-1 285
10. Oklahoma	7-3 228
11. Purdue	8-2 173
12. Alabama	8-2 123
13. Michigan	8-2 115
14. Oregon State	7-3 87
15. Ohio Univ.	10-0 49
16. Missouri	7-3 44
17. Arizona State	8-2 28

Blues of St. Louis Unbeaten in 9 Games

NEW YORK (AP) — The St. Louis Blues are unbeaten in nine straight games, the longest streak ever for an expansion team in the National Hockey League, and the goaltending statistics tell why.

St. Louis goalies Glenn Hall and Jacques Plante have allowed 43 goals in 22 games for a league-leading average of 1.95, according to NHL statistics released today.

Second are the Boston pair of Ed Johnston and Gerry Cheevers, who have yielded 50 goals for a 2.27 average.

Bobby Hull of the Chicago Black Hawks continues to hold a six-point lead in the scoring race. Hull picked up two goals and four assists last week to boost his total to 39 points on a league high 16 goals and 23 assists.

Montreal's Jean Beliveau is second in scoring with 33 points on 13 goals and 20 assists and Detroit's Gordie Howe is third with 11 goals and 20 assists for 31 points. Howe needs only one more goal to record 700 regular-season goals in his career.

Regina, the capital of Saskatchewan, Canada, once bore the name of Pile of Bones.

Familiar Ring in Cage Play

By MIKE RECHT
Associated Press Sports Writer

The college basketball season is only two days old, but already the names have a familiar ring — North Carolina, Kentucky, Houston, Pete Maravich, Charlie Scott, Mike Casey, George Thompson, Ken Spain.

North Carolina, which went to the NCAA finals against UCLA last year, did little to damage its No. 2 ranking with a 89-78 victory over visiting Oregon with Scott playing the leading role.

Close behind at No. 3, Kentucky relied on Casey in the final 75 seconds for a 86-77 triumph over host Miami of Ohio. And Houston, tied for the sixth spot despite the absence of Elvin Hayes, made it two straight with a 80-60 rout over Pepperdine with Spain leading the way.

Maravich, the nation's leading scorer with a 42.8 point a game average last season, gave notice that he is out to defend that title by dropping in 52 points as Louisiana State romped past New Orleans Loyola 109-82.

Thompson, a main reason for Marquette's tie for 20th ranking, notched 18 points in a 68-45 breeze past St. John's of Minnesota.

The other top 20 teams in action also emerged unscathed as Cincinnati, No. 9, beat Kansas State 86-70; Vanderbilt, No. 12, slipped by Southern Methodist 97-94; Duke, No. 16, blasted Alabama 80-48; Western Kentucky, No. 17, crushed Southeast Louisiana 101-62, and California, No. 19, tripped San Francisco 82-71.

Scott, fresh from the Olympics, finished with 34 points, including the important ones that blunted several Oregon rushes at the Tar Heels. His four quick baskets put North Carolina ahead 50-39 at halftime, and when the Ducks pulled within 62-60, he took up the scoring again and also set up baskets with steals.

Oregon had one last shot at 75-72, but the Tar Heels' four corner offense took them out of danger.

Casey, who totaled 20 points, two less than teammate Dan Issel, dropped in two baskets in the last 1:15 after Miami pulled within 78-76. The Wildcats added four free throws to put the game out of reach.

Houston had five players in double figures, led by Spain's 23, as the Cougars built a 41-27 halftime lead at home and coasted. Maravich, the 6-foot-5 son of gisu coach Press Maravich, clicked on 22 of 31 field goal tries and hit 9 of 10 free throws, along with 11 assists and seven rebounds. By halftime, LSU led 62-34.

Marquette, leading 37-30 at intermission despite hitting only 20 per cent from the field, pulled away in the final half behind Thompson's scoring and rebounding.

Cincinnati won its second in a row on the scoring of Don Ogletree, 28 points, and Rick Robertson's 19 points and 14 rebounds. Vanderbilt, however, had its troubles, trailing through most of the first half in a game that had 14 lead changes. Rudy Tucker jump shot for a 93-92 lead and then his three-point play with nine seconds left finally clinched the victory.

A-State Man on Little All America Team

By HERSCHEL NIESSEN
Associated Press Sports Writer

NEW YORK (AP) — North Dakota State and San Diego State, the top-rated small college teams in the country, have placed two players apiece on The Associated Press' 1968 Little All-America football squad.

Both schools had one man in the offensive backfield and another on the defensive line. They were halfback Paul Hatchett and defensive tackle Jim Ferge from top-ranked North Dakota State and fullback Lloyd Edwards and defensive end Fred Dryer from No. 2 San Diego State. The Aztecs had been No. 1 most of the season.

Named to the select small college eleven for the third straight time were Carl Garrett, New Mexico Highlands halfback, and Dwayne Nix, a split end from Texas A&I.

Rounding out the offensive unit were end Bruce Cerone of Emporia, Kan., State, tackles Denny Nelson of Illinois State and Jim Urczyk of Central Missouri State, guards Dan Klepper of Omaha and Larry Small of Northern Arizona, center Dick Dobbert of Springfield and quarterback Sonny Wade of Emory & Henry.

The other members of the defensive platoon included end Tally Windham of McMurry, tackle Bill Bailey of Lewis & Clark, middle guard Ron Brown of Tampa, linebackers Bill Bertney of Arkansas State, Tim Buchanan of Hawaii and Tom McCall of Fresno State and backs Dan Eckstein of Presbyterian, Jim Marsalis of Tennessee A&I State and Jack O'Brien of Colorado State College.

Quarterback Wade, a 6-foot-3 senior, led Emory & Henry to a 9-1 record by completing 175 of 350 passes for 2,695 yards and 28 touchdowns. He also ran for 259 yards and nine TDs and did the placement kicking.

Halfbacks Hatchett and Garrett ramblled for 1,213 and 1,373 yards, respectively, as their teams went through 9-0 regular seasons. The tremendously strong, 245-pound Edwards, also a fine blocker, was San Diego State's top ground-gainer.

Cerone, a junior split end who is eligible for the pro draft this year, shattered three NAIA receiving marks—91 catches for 1,479 yards and a per game average of 164.3 yards—and equaled the standard of 15 touchdown catches.

Nix, the other end, was the object of multiple coverage, leaving other receivers open, but still grabbed 33 tosses for 498 yards and helped Texas A&I into the NAIA national championship game Dec. 14.

Illinois State's Nelson, a proven defensive star, switched to fulltime offense and helped his team set a school rushing record. He also played defense when needed. Urczyk, the other tackle, received the highest rating in the Missouri-Kansas area.

Safeguarded Documents
During World War II, the Declaration of Independence and the Constitution were wrapped in special acid-free paper, sealed in bronze containers packed in rock wool inside a heavy metal-bound box, and were taken to a three-year exile in the gold-bullion vaults at Ft. Knox, Ky.

This picture shows some of the beautiful things you missed if you failed to attend the Powder Puff football game Friday night.

The Student Council would like to thank the many fine folks who made this project a financial success. As the group picked up approximately \$800.00 for the evening.

Records Are Established in Conference

By THE ASSOCIATED PRESS
The Southwest Conference

football season came to a sizzling halt last weekend and it was really one for the books—the NCAA and SWC record books that is.

Texas and SMU were the principal authors in an assault that rewrote 11 conference individual career records, nine season records, ties for two others and numerous single game records.

Edd Hargett, senior Texas A&M quarterback, established six career records and emerged as the third ranking all-time college passer.

SMU flanker Jerry Levias set two career and three season records as the leading pass receiver in the nation. Levias won the conference receiving duel with 80 receptions for 1,131 yards and eight touchdowns.

Texas' Chris Gilbert became the league's most prolific ground gainer of all time, setting a career rushing record of 3,381 yards, which ranks third among the all-time collegiate ball carriers. Gilbert also set a career record for most carries at 595.

Gilbert is the only ball carrier in major college history to gain more than 1,000 yards in each of his three varsity seasons.

SMU's amazing Chuck Hixson, wrote himself into the record books as a sophomore. Hixson won the passing title with 265 completions for 3,103 yards and 21 touchdowns. Hixson also was the total offense king with 2,995 yards.

The ground-oriented Texas Longhorns set a scoring record of 343 points for the season and a new season high average of 38.0 points per game. The Longhorns also set a conference total offense yardage record with 4,476 yards and rushing records of 3,175 yards and 642 rushes.

SMU, the surprise team of the season, set team records for pass completions 270; aerial yardage, 31,30; first downs 236; and total plays 855.

TCU's Mike Hall won the punting title with a 41.5 average for 51 boots. Arkansas sophomore Bill Burnett was the leading scorer with 96 points.

Mexican Loop
to Expand

SAN FRANCISCO (AP) — The Mexican Baseball League said Monday it would expand from eight teams to 12 by 1970.

President Antonio Ramirez Muro said the league would then split into two six-team divisions. Cities are now being screened for the new franchises, he said, and a player draft will be set up to stock the new teams.

Thailand natives prize loudly squeaking carts. They believe the noise frightens off wild animals and evil spirits.

Mt. Vesuvius is the only active volcano in continental Europe.

Elvin Hayes Wants to Keep Lead

NEW YORK (AP) — Elvin Hayes, San Diego's rookie flash who took over the National Basketball Association scoring lead last week, has no thoughts about giving it up.

The former Houston All-American, with 36 and 34 points games against Detroit, increased his margin over Bob Rule of Seattle to 83 points with a total of 718 for a 31.2 point a game average in 23 games. Rule, in 27 games, has 635 points and a 23.

Magnolia Rated Third in Arkansas

By HARRY KING
Associated Press Writer
LITTLE ROCK (AP)—Frank Broyles said after the Arkansas Razorbacks had put together two straight unbeaten seasons in 1964-65 that the second was more difficult and more workmanlike than the first.

Fort Smith Northside Coach Bill Stancil agrees wholeheartedly. The Grizzlies captured the state championship in 1967 and are a unanimous choice for the top spot in the final Associated Press Arkansas high school football poll.

"I think it was harder on this year's team," said Stancil. "There's not as much enthusiasm from all concerned. It's great, but it's not new."

"Plus the fact that everybody is more or less long for schedule this year we had seven teams to have an open date before or after they played us."

Stancil says he can't single out particular reason for the Grizzlies' second straight unbeaten season. He is, however, a strong believer in the Fellowship of Christian Athletes.

"It won't make you win, but it helps your oneness in your program," he said. "It gives us a keen edge."

Stancil loses the seniors who put together a 32-2-1 record in three years, but running backs Billy Joe Relford and Robert Owens return.

As Stancil says, "We're not closing shop."

Little Rock Hass was the second place choice on all 12 ballots and Magnolia, which wrapped up a 13-0 season with a 34-13 victory over Malvern, finished third.

Springdale, the Class AAA champion, moved up a notch to fourth. Conway, Hot Springs, Newport and Pine Bluff each advanced one spot and finished in that order behind Springdale.

North Little Rock, unranked last week, defeated fourth-ranked Little Rock Catholic 40-13 on Thanksgiving and finished ninth. The Rockets rounded out the top 10. Malvern dropped out of the select group.

Magnolia was a unanimous choice as the Class AA champion. Bald Knob was named Class A champion and Earle captured the Class B championship.

Here are the results of the final Associated Press Arkansas high school football poll with first-place votes and team records in parentheses and final points at right:

1. FS N'side (12) (10-0-1) 120
2. LR Hall (9-1) 108
3. Magnolia (13-0) 93
4. Springdale (9-3) 84
5. Conway (10-2) 48
6. Hot Springs (8-1-1) 47
7. Newport (10-0) 41
8. Pine Bluff (7-2-2) 37
9. North Little Rock (7-5) 27
10. LR Catholic (10-2) 21

Others receiving votes, listed alphabetically: Bentonville, Camden Fairview, LR Central, Malvern and Sheridan.

Class AAA

1. Magnolia (12) (13-0) 36
2. Conway (10-2) 18 1/2
3. Newport (10-0) 9 1/2

Others receiving votes, listed alphabetically: Bentonville, Little Rock Catholic and Sheridan.

Class A

1. Bald Knob (9) (10-1) 32
2. St. Anne's (2) (9-3) 22
3. Alma (11-1) 9

Others receiving votes, listed alphabetically: Corning, Dolanway, Dumas, Greenwood and Piggett (1).

Class B

1. Earle (11) (10-0) 33
2. Holly Grove (1) (9-1) 23 1/2
3. West Fork (10-1) 9 1/2

Others receiving votes, listed alphabetically: Gillett, Junction City, Mineral Springs and Parkin.

Baseball Meet to Take Up Minor Issues

By RON RAPPOPORT

Associated Press Sports Writer

SAN FRANCISCO (AP)—Minor issues, such as eliminating last season's inequities between the pitcher and the batter, and major ones, such as the length of players' sideburns, may be decided at baseball's annual winter meetings today.

The major and minor leagues opened their week-long session Monday and, aside from the draft of some marginal players, about the only thing the American and National leagues accomplished was to fall behind schedule.

The rules committee, which will make some important—and some not-so-important—decisions, was to meet Monday, but a meeting of general managers, lasted so long that the committee, some of whose members are general managers, put off its session until today.

At that session, several methods of improving batting averages, which fell to an all-time low last year, will be discussed. Among these are shrinking the strike zone, lowering the height of the pitcher's mound and strictly enforcing the spitball rule.

Perhaps the most revolutionary method, though, would be an often-mentioned change that would allow a permanent pinch-hitter for the pitchers. This would let a team hit for its pitcher without taking him out of the game.

The general managers recommended changes in the first three categories, but left the pinch-hitter question up to the rules committee for discussion.

Also set for today was a meeting of baseball's ruling executive council to discuss how to split the money in the intra-league playoffs that will be held for the first time next year and whether to give World Series players a flat fee instead of a cut of the gate.

The Major League Players Association will also begin meeting, with the most pressing issue reported to be a pension plan. But Marvin Miller, director of the group, said Monday the meetings may last for two days with no announcement likely until they conclude.

The arch, cantilever, suspension and truss are the commonest types of bridges.

LEGAL NOTICE

Celtics Purchase Barnes of Bulls

By THE ASSOCIATED PRESS

BOSTON (AP)—The Boston Celtics of the National Basketball Association Monday purchased outright 6-foot-8 Jim "Bad News" Barnes from the Chicago Bulls. To make room for Barnes, the Celtics put 6-9 Bud Olsen on waivers.

Air Traffic Congestion Big Problem

By JACK MILLER

Associated Press Writer

WASHINGTON (AP)—The federal government for the first time has issued restrictions aimed at easing the mounting problem of air traffic congestion.

The restrictions at five airports in Washington, New York, and Chicago become effective April 27, a date set because airlines normally change their schedules about then.

The Federal Aviation Agency, setting the hourly pits in a new rule issued Monday night, indicated its action was a stopgap measure and that the answer to congestion lies in building more airports.

An FAA spokesman said the limits, expected to draw bitter criticism from small plane operators, were the first ever set directly because of congestion. He said the government limited flights at Washington's National Airport two years ago because ground facilities, such as restaurants and rest rooms, were overloaded.

Major airlines gave somewhat reluctant support to the restrictions after their proposal earlier this year following massive air tieups in July. An FAA official said the big carriers felt they needed some clout for their own good.

The Department of Transportation, parent agency of the FAA, said it again will propose legislation to provide for the needed expansion. It proposed a plan last year, but opposition was stiff and Congress did not act.

The new limitation, proposed Sept. 4, would hold landings and takeoffs to 135 an hour at O'Hare Airport in Chicago, 80 at Kennedy International in New York and 60 at New York's La Guardia, Newark Airport and Washington National.

O'Hare has had as many as 82 more flights in an hour, Kennedy 48 more.

Small planes would be barred entirely from Kennedy Airport between 5 p.m. and 8 p.m. daily, a peak period. And they would be given only a few landings and takeoffs at other hours.

But the FAA dropped another provision the small-plane operators said would have discriminated against them. It would have required two pilots and a minimum air speed of 150 knots for all planes in the area of the five airports in bad-weather conditions.

And the limitation system, to be operated by the FAA, will allow more flights when possible "without significant additional delay."

Oaks and Suns Both Come Out Losers

By THE ASSOCIATED PRESS

The Phoenix Suns, who are used to it, and the Oakland Oaks, who are not, both came out losers Monday night, but in different leagues.

The Dallas Chaparrals nipped Oakland 112-111, handing the Oaks only their third setback in 19 American Basketball Association starts.

Meanwhile, the expansion Suns of the National Basketball Association dropped their 11th in a row, losing to Seattle 118-108, and fell deeper into the NBA's Western Division cellar. In the night's only other professional basketball action, Miami downed Indiana 109-104 in the ABA.

The Oakland-Dallas game was decided on Cincy Powell's 15-foot jump shot with 15 seconds left. Oakland's Rich Barry led all scorers with 32 and also engaged in a shoving and wrestling match with Spider Bennett of Dallas. Naitha was ejected. Ron Boone paced the Chaps with 29 points.

Lennie Wilkens and Bob Rule combined for 64 points to pace Seattle over Phoenix. The SuperSonics trailed through the final period to win going away. Wilkens had 33 points and Rule 31,22 in the second half.

Miami forged ahead of Indiana early and stayed there behind Skip Thoren's 27 points and 22 rebounds against his former teammates. Les Hunter added 25 for the Floridians.

Astronauts Take Hong Kong Flu Shots

By PAUL RECER

AP Aerospace Writer

SPACE CENTER, Houston (AP)—The Apollo 8 astronauts are receiving inoculations in an effort to keep Hong Kong Flu from becoming a stow-away on the Christmas flight to the moon.

Officials at the National Aeronautics and Space Administration said the prime, back-up and support crews for both Apollo 8 and 9 received inoculations against the Asian 2, or Hong Kong virus.

A NASA doctor said the Apollo 8 astronauts have also been placed in a program of "limited exposure," but that it's impossible to place them in total isolation before the flight.

Essential ground personnel, such as flight controllers, are also being inoculated against the virus.

The doctor said the supply of flu vaccine available to NASA was "extremely limited." Another NASA official said selection of those to receive the flu shots is based on the effect their absence would have on the mission.

Apollo 8, with Air Force Col. Frank Borman, Navy Capt. James Lovell Jr. and Air Force Maj. William A. Anders aboard, is due to be launched Dec. 21 for a flight around the moon. The crew is scheduled to circle the moon for 20 hours on Christmas Eve and start for home early Christmas Day.

Apollo 9, planned as an earth orbit mission, is scheduled for the first quarter of 1969, possibly in February.

Head colds which were contracted before launch and developed in space were a problem among the crew of Apollo 7, the highly successful 10-day flight in October. All three of the Apollo 7 astronauts developed colds and clogged ear tubes.

Barry Keeps Scoring Lead in the ABA

MINNEAPOLIS (AP)—Rick Barry of Oakland continues to lead the American Basketball Association's individual scoring race with 646 points and a 35.9 average in 18 games. Minnesota's Connie Hawkins is second with 535 points and a 33.4 average in 16 games, league statistics revealed today.

Barry and Hawkins each set league records last week. Barry made 36 straight free throws, breaking by one the mark set the week before by James Jones of New Orleans.

Hawkins scored 57 points against New York, erasing the single-game high of 54 set last year by Kentucky's Louis Dampier.

In other individual department, Indiana's Mel Daniels leads in rebounding with a 15.1 average. Miami's Don Freeman is tops in assists with a 7.6 average. Oakland's Jim Eakins has the best two-point field goal percentage, and Indiana's Jim Rayl is leading in three-point field goal percentage shooter.

Barry's 36 straight free throws broke a record set by James Jones of New Orleans in 1967.

DOCTOR'S MAILBAG Operation Advisable

For Undescended Testicle
By WAYNE G. BRANDSTADT, M.D.

In contact with her vulva could she become pregnant? How long can sperms live outside the body?

A—It is possible for sperms to reach the uterus from outside the body and cause pregnancy. How long they can live on the outside depends largely on the surrounding temperature and the degree of drying to which they are exposed. They can live in the female genital tract for 24 to 72 hours.

Q—Is it possible for a surgeon to remove an organ without leaving a drain in the wound?
A—A drain is left in an operative wound that is badly infected so that the wound will heal from within outward. Otherwise a deep abscess will form. When there is no danger of infection or when the infection is well-controlled with antibiotics, no drain is required.

Q—What is the cause of phimosis? Does it have any harmful effects? What treatment do you recommend?
A—Phimosis is a tight foreskin that can be retracted over the head of the penis only with great difficulty. This makes it impossible to clean the penis properly and predisposes to cancer. The treatment is circumcision.

Q—My husband, 47, has a bloody discharge in his semen. He says that, since he feels all right, there isn't any need to worry. What do you think?
A—Unexplained bleeding is always potentially dangerous. Your husband may have a chronic seminal vesiculitis, which is not very serious, or a cancer, which is. He should see a doctor without delay because to do nothing may be fatal.

Q—If a girl was not having intercourse but sperms came

LEGAL NOTICE

IN THE COUNTY COURT OF HEMPSTEAD COUNTY, ARKANSAS

IN THE MATTER OF ANNEXATION OF CERTAIN LAND TO HOPE, ARKANSAS

LEGAL NOTICE
The proposal having been approved by the electors at the November 5, general election, the City of Hope, Arkansas, has filed a petition in the County Court praying for an order of annexation for the property hereinafter described.

DESCRIPTION OF PROPERTY FOR ANNEXATION HOPE, ARKANSAS

A part of the NW¹/₄, S32, T12S, R24W, more particularly described as follows: Begin at the NE Corner of the NW¹/₄, S32, T12S, R24W, and thence run West for a distance of 325 feet to a point; thence run South for a distance of 1250 feet to a point; thence run East for a distance of 325 feet to a point; thence run North for a distance of 1250 feet back to the point of beginning (9.33 acres more or less); and

Answer to Previous Puzzle

WIN AT BRIDGE

Splurging Pays When It's Cheap

By Oswald and James Jacoby

reason to suspect that there was anything funny about that club opening.

East played the nine and South had the opportunity for a most unusual falsecard play. He won the trick with the king instead of the jack. He didn't have anything to lose. He expected to run off six diamonds and five hearts and would come down to one card in his hand at the finish. If he played his jack of spades, West would know that the last card would be the king. Now West would assume that his partner held the jack.

Sure enough, this is just what happened. South took his ace and queen of diamonds, entered dummy with the queen of hearts, discarded his three clubs and the four of spades on the rest of dummy's diamonds; ran off his remaining hearts and made the 13th trick because West hung onto the ace of clubs as his last card.

It turned out to be a real top score. Other South players opened one heart. Some played it there, others got a no-trump response from North and raised to two or three, only to wind up with a total of five to seven tricks depending on how the defense went.

(Newspaper Enterprise Assn.)

After North's diamond response, South decided to continue his deception and rebid two no-trump. North raised to three and West made a normal opening lead, the deuce of spades. He had no

South's one-club opening was not an artificial club although it looks like one. The game was match point duplicate and South was looking for a top score. We don't like to show success for this type of bid but he did make it and he did get his top score.

Q—The bidding has been:

West North East South
1 ♠ 1 ♥ 1 ♠ 1 ♠
Pass 2 ♠ Pass Pass

Opening lead—♠ 2

QUICK QUIZ

Q--How greatly does gravitation vary on the different heavenly bodies?
A--A man who can jump 6 feet high on the earth could jump 36 feet high on the moon, or 16 feet on Mars, but only 2 1/2 feet on Jupiter.

Q--Which variety of turtle is used for the famous turtle soup?
A--The diamond back terrapin. So succulent is its flesh that hotels have paid almost \$100 a dozen for the terrapins.

Letters To The Editor

This is your newspaper. Write to it. Address letters to: Editor The Star, P. O. Box 648, Hope, Ark. 71801. All letters must be signed, with address, so you are identified to the newspaper staff, but if the character of the letter permits we will allow use of a pen-name in the publication, in which case you should add "Citizen," or some other word below your real name and address.

Pen-names are permitted when a letter deals only with issues. Direct attacks upon public officials, however, must bear the writer's name for publication.

For years we figured the disabled knew where to go for help. We figured wrong.

If you're among the millions of disabled people who don't know where to go for help, write: Help, Box 1200, Washington, D.C. 20013.

ious citizens in Hempstead County regarding the condition of our county roads are true and justified. I travel in eight Southwest Arkansas counties. Much of this travel is done on county roads. Without exception, Hempstead County has the most ill-kept roads in this eight county area. My wife is the rural mail carrier on Route 1, Fulton, Ark. Most of the time the county roads she must travel while delivering the mail are in deplorable condition. In winter time they become almost impassable. Still she must plow through as her job requires it. Our present county judge is very courteous when you meet him. He will promise to do whatever you request. However, these promises seldom lead to anything being done towards improving our county roads. Yours truly, OTIS A. BLACKWOOD

P.O. Box 101
Fulton, Ark.

At yesterday's regular Lions Club meet the group heard a Christmas message from the Rev. Gerald Trussell whose discussed "Putting Christ Back in Christmas." Roy Chatham and Dr. Lowell Harris sang solos and a quartet entertained. James Morrow arranged the program. At the birthday table is Eva

Actor Robert Taylor Has Lung Cancer

HOLLYWOOD (AP) — Actor Robert Taylor, known for his strikingly good looks and forceful, low-key performance, is suffering from cancer in his right lung, his wife said today.

"He has known of it for some time," added his wife of 14 years, actress Ursula Theiss. Surgeons discovered the cancer after removing most of Taylor's right lung Oct. 8 because of a fungus called valley fever.

Taylor returned to St. Paul's Hospital Nov. 18 for treatment of an infection that complicated recovery from surgery. Doctors announced only that they had been successful in draining an abscess that formed in the area of surgery.

"It is not a benign cancer, but he is doing well," said Miss Theiss, a German-born beauty who wed Taylor in 1954, three years after his divorce from actress Barbara Stanwyck.

Taylor has not been rehospitalized and remained at his 113-acre ranch home near Hollywood in Mandeville Canyon where he raises quarter horses and black chickens called australorps.

He was not available for comment, his wife said.

Taylor, whose real name is Spangler Arlington Brugh, was born in Filley, Neb. He is 57.

After a year in stock productions, he signed with Metro-Goldwyn-Mayer in 1934 at \$35 a week. His screen debut was a small part in "Handy Andy," starring the late Will Rogers.

He played leading man to Greta Garbo, Jean Harlow, Ava Gardner, Elizabeth Taylor, Myrna Loy, Irene Dunne, Joan Crawford, Hedy Lamarr, Lana Turner and Katherine Hepburn. From 1959-62 he starred in the weekly television series, "The Detective."

Reynerson, club pianist; Roy Chatham, Cecil O'Steen, Claude Byrd and Pat Simmons. The quartet, accompanied by Mrs. Hendrix Spraggins, are left to right; Andy Andrews, Roy Chatham, Dr. Lowell Harris and Gene Pendergraft.

Drives Nearer to Record

BOSTON (AP) — Herve Filion's three victories Monday night at Suffolk Downs, including a \$6,000 mile trot, moved him to within 10 of the world driving record.

Filion, who drove 40 winners in 17 nights of racing at Suffolk, is steadily moving up on the 384 mark set by Eddy Freundt of Germany in 1964.

Safari After Tiger That Killed Marine

By ROBERT D. OHMAN
Associated Press Writer
QUANG TRI, Vietnam (AP) — A safari of U.S. Marines and a Vietnamese hunter left today for a jungled mountain valley to kill a tiger that killed a young Marine three weeks ago.

"When a Marine is killed, we'll get to the source, even if the source is a tiger," said Brig. Gen. Robert B. Carney Jr., assistant commander of the 3rd Marine Division and the director of the hunt.

Pfc. Francis Baldino of Ashland, Pa., was the tiger's victim while on an ambush patrol Nov. 14 in the northwest corner of South Vietnam.

The patrol leader told investigators he was only three paces in front of Baldino, a radio operator, when he heard a low growl and a scream. When he turned, Baldino had disappeared, he said.

Baldino's body was found the next morning under some bushes. Other patrols were sent in and saw two tigers but were unable to get a shot at them.

Maj. Gen. Raymond G. Davis, commander of the 3rd Division, ordered Carney to organize a hunt and he called for volunteers who had experience hunting big game.

"We had at least 20 volunteers right away," Carney said, "but none had been on a tiger hunt." Carney's civil affairs officer found Phan Xuan Sang, a 52-year-old tailor in Quang Tri City and an experienced tiger hunter.

He agreed to lead the hunt and refused to accept any pay.

Tighter Mine Safety Laws in Making

By JAY SHARBUTT
Associated Press Writer
WASHINGTON (AP) — Two coal country congressmen say they'll introduce bills early next year to tighten up a federal mine safety law described as having "so many loopholes you could put barns through it."

Reps. Ken Hechler of West Virginia and John Dent of Pennsylvania, both Democrats, introduced identical administration-

backed bills this year that got lost in the rush to adjournment. Spurred by the tragic deaths of 78 miners in an explosion near Mannington, W. Va., last month, Hechler said he is preparing an even stiffer bill.

Dent told an interviewer he'll introduce the same measure, probably after subcommittee hearings in early February.

The two congressmen are the latest to add their voices to the outcry over mine safety following the explosion at Mountaineer Coal Co.'s No. 9 mine, ordered sealed last week after days of rescue operations indicated the trapped miners could not have survived.

President Johnson, in a state-

ment issued from the Texas White House over the weekend, also called for tightening of mine safety laws.

The No. 9 tragedy, however, is an indication of the difficulty in trying to control hazards facing men in the pits.

W. A. "Tony" Boyle, president of the United Mine Workers, describes the Mountaineer Coal Co. as "one of the best companies as far as cooperation and safety are concerned."

Boyle's comments, praise indeed from such a safety-conscious quarter, were made even though federal records show miners had been ordered out of No. 9 five times in 20 years because of unsafe conditions.

And eight violations of the Federal Coal Mine Safety Act were noted by federal inspectors in No. 9 this year. Each of the eight was later reported as having been corrected.

The deaths in No. 9 brought the toll in the nation's mines this year to 260, of which three-fifths—145—have been in West Virginia.

The coal mine safety law, enacted 16 years ago, "has so many loopholes you could put barns through it," says Charles Lanman, spokesman for the Bureau of Mines.

"It's weak and we don't like it," Lanman said in an interview. "But we enforce it."

Tells HUAC Radicals Have Little Support Among Negroes of the CIA

By JACK KNEECE
Associated Press Writer
WASHINGTON (AP) — A witness before a House Un-American Activities subcommittee has told the panel it represents "a racist philosophy that has no meaning in the 20th Century."

The comment was made Monday by Tom Hayden, 28-year-old New Leftist and leader of anti-war protesters who told the subcommittee he was dedicated to putting it and its parent group out of business.

Hayden was the leadoff witness as the subcommittee resumed hearings into the street disorders that marred the Democratic National Convention in Chicago last August.

Hayden, called back to the stand today, spent much of the opening session outlining his anti-Vietnam war activities, including the role he played in negotiating the release of American prisoners held by the Viet Cong and North Vietnam.

Over the past few years, he said, he has helped win the release of nine prisoners.

Hayden also said that he once "was a dupe of the Central Intelligence Agency."

"I was hired to go to the Youth Festival at Helsinki, Finland to carry Old Glory into the heartland of communism," he said.

He said he was supposed to have published a newspaper for distribution at the festival, but later changed his mind.

The CIA had no comment on Hayden's assertions.

Under questioning, Hayden said the organizers who marshaled some 10,000 youthful demonstrators in Chicago never intended violence.

But he said police, who were accused of brutally assaulting demonstrators in a government sponsored report released the past weekend, had attacked in disciplined manner.

"The police were obeying the orders of Mayor Richard J. Daley," said Hayden.

The government report said the police action, although often "mindless," was provoked by obscene harassment. But Hayden told the subcommittee that because of the severity of police reaction it should not be considered "unusual for the victims to think obscene thoughts."

Questioned about his personal finances, Hayden said he had an independent income from books and lecture bids that come to him because of the "notoriety that people like you and the mass media have given me."

Man Will Never Run Out of Phobias, He'll Just Invent New Ones

By HAL BOYLE
NEW YORK (AP) — What are you afraid of?

Not long ago we listed here a number of phobias that might add to your social status. A number of prestige seekers, seeking to be afflicted with even rarer panics unknown to their neighbors, asked if there were any more on the list.

Indeed there are. Mankind will never run out of phobias; if he cures an old one, he is bound to find a new one.

Here are a possibilities that may be of interest:

If you dislike animals generally, you are suffering from simple zoophobia. However, if you can't stand touching their fur, you are a dorphophobe, and if you are frightened by the teeth of animals you are an odontophobia.

Worried pedestrians can be put into two classes. Are they afraid of automobiles approaching from the left side? They are levophobes. Are they afraid of automobiles coming from the right side? They are dextrophobes.

Many college girls don't like to make a date for the prom too far ahead because they are hopeful some guy they like better will ask them later. This is perhaps the most common ailment of coeds and is scientifically known as merithophobia, the fear of being bound or tied up.

If a friend tells you something you don't believe and you reply,

Radicals Have Little Support Among Negroes for a Shooting War

By JERRY BUCK
Associated Press Writer
NEW YORK (AP) — Dr. Gunnar Myrdal, the Swedish social philosopher, says he believes that radical leaders who want to turn the Negro revolution into a shooting war have little support among the Negro people.

"They're only 10 per cent of the population. Negroes are clever enough to know that in a guerrilla war they would be the ones to be killed," said Myrdal, whose book "An American Dilemma" forecast the shape of the racial revolution 24 years ago.

Myrdal said, "The danger in violence, as I see it, is that after it comes a demand for law and order. And throughout history law and order has been a pretext for not making the fundamental reforms needed."

"If we don't recognize our debt to the poor," he said, "this country is going to disintegrate into factions."

Myrdal told the Graduate Division of the University of New York that 25 years ago "I can say I was an expert on the Negro problem in America."

"Twenty-five years ago I could write and not worry that something in the next week would upset my predictions. I cannot do that now," he said.

"I, the present situation I'm not an expert. I'm not presenting a view that I feel is absolutely right."

Still, Myrdal at 70 shows no sign of fearing to kick the sacred cows that have made him the object of criticism and indignation here and in his native Sweden.

He remains vital, he has a full head of blond hair, and his green eyes sparkle.

Myrdal said to say on aspects of the racial revolution: "I'm against the so-called Marshall Plan for the Negroes. If anything is going to cause trouble it is singling out the Negro for special treatment. The Negroes are a minority in this country. Among the poor, they're a minority. You can't solve the Negro problem simply as a Negro problem. You have to solve it as a part of the poor problem."

"I don't think President-elect Richard Nixon's proposal for black capitalism is going to accomplish much. Black capitalism is by its very nature not national, not industry, but consists of little insurance companies, banks and shops. I'm all for black capitalism, but it's very petty. It solves very little."

On "Black is Beautiful," "I'm all for overcoming the inferiority Negroes feel, but as a social scientist I'm not for building a black mythology. The danger is that you are accepting a lot of things about Negroes is that they are Americans. Make no mistake about that. The Negro middle class is more puritan than the white middle class with its English Puritan background."

By JOHN CHADWICK
Associated Press Writer
WASHINGTON (AP) — No matter where you go for auto repairs you run "the risk of a fleecing," the Senate Antitrust subcommittee was told today.

"The automobile service business has become a jungle for the consumer," said economics professor William N. Leonard of Hartford University, Hempstead, N.Y.

He put the blame chiefly on automobile manufacturers, saying they pressure dealers to sell cars not to provide service.

"The realities of the situation are that Detroit's income derives largely from the sale of automobiles to dealers and only slightly from dealers' service to customers," Leonard said.

Leonard's comments were prepared for the opening of hearings into auto repair costs on which Americans spend up to \$25 billion a year.

Leonard said that probably the most important trend in auto repairs had been the decline in the franchised dealer's share of the market as gas stations, independent garages and others have expanded their operations.

He said auto dealers have "I can't swallow that," you are unconsciously perhaps exhibiting a touch of pnigophobia, the fear of choking.

Want a few more panics to pick from? Well, try these on for size:

A henpecked husband who refuses to argue with his wife could be classified as an amyphobos, because he evidences a secret fear of being clawed.

Hate to go out on the streets at night because of the possibility you'll be mugged? That could well mean that you are a harpaxophobia, Translated, it says you have a healthy fear of being robbed in the dark and suffering lacerations.

Do you fret because your girl friend is giving you a frigid stare and turned an icy shoulder?

Educator Adviser to Nixon

By FRANK CORMIER
Associated Press Writer
NEW YORK (AP) — President-elect Richard M. Nixon apparently has chosen Dr. Lee A. DuBridge, president of the prestigious California Institute of Technology, as his personal science adviser.

Nixon told reporters he would announce his choice today. Anticipation of a DuBridge appointment was strengthened by the fact that he is the only scientist known to have conferred with the incoming chief executive in recent days.

A physicist, the 67-year-old DuBridge has been president of Cal Tech since 1946. Over the years, he has been a member of many federal advisory bodies—especially during the administrations of Harry S. Truman and Dwight D. Eisenhower.

After DuBridge met with Nixon last week, the scientist would neither confirm nor deny that he was in line for the full-time White House post, now occupied by Dr. Donald F. Hornig. He said it was a matter for Nixon to decide and announce.

The President-elect met late Monday with former Gov. Wil-

Advance Party of S. Vietnamese Arrive in Paris for Talks

By LEWIS GULICK
Associated Press Writer
PARIS (AP) — An advance party for South Vietnamese President Nguyen Cao Ky began arriving in Paris today as U.S. and North Vietnamese negotiators inched toward the opening of an expanded peace conference.

Nguyen Thieu Nhon, Ky's special assistant for legislative relations, was the first arrival. South Vietnamese officials said Ky's press spokesman, Dang Duc Khoi, is due Wednesday.

Ky is expected this weekend. He will supervise the Saigon government's negotiating team, but South Vietnamese sources said Saigon's group at the conference table will be headed by Pham Dang Lam, South Vietnam's chief observer in Paris when the United States and North Vietnam were doing the talking from May to October.

Lam returned to Saigon last month for his father's funeral and is expected back Friday.

With the South Vietnamese delegation expected in full

DMZ Center of Activity, U.S. Reports

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — The U.S. Command said today that reconnaissance has disclosed 455 indications of North Vietnamese activity in the demilitarized zone since the bombing halt on Nov. 1 and in at least 122 of the incidents American planes, artillery or warships fired on the enemy forces.

Previously the U.S. Command had reported American firing into the DMZ on 30 occasions since the bombing halt, occasions which the command had called "significant" incidents of enemy activity. Today a U.S. spokesman disclosed that American forces had fired into the southern half of the zone 117 times and into the northern or North Vietnamese half five times.

"The reason we did not report the others is that the results were not significant," the spokesman said. "In some cases the target was obscured and we could not get an accurate assessment. In other cases, bad weather precluded an assessment. You might call some of it harassing and interdiction fire, like cutting a road where activity had been spotted."

While the majority of the 455 "indications of enemy activity or presence in the demilitarized zone" were labeled insignificant by U.S. Headquarters, the totals made clear that North Vietnamese activity in the zone continues to be brisk and that U.S. planes and ground forces are on the alert to retaliate.

The spokesman said the "indications" of a bombing halt was unconditional and that U.S. reconnaissance "lights" over the DMZ and North Vietnam.

Plane Falls in Alaska, 39 Killed

ANCHORAGE, Alaska (AP) — A twin-engine propellerliner crashed into a frozen lake in barren southwest Alaska Monday, killing all 39 persons aboard.

Residents of an Eskimo village near the crash site reported by short wave radio they saw an explosion near the tail of the Wren Consolidated Airlines plane before it spiraled to earth.

Wind gusting to 55 miles per hour and 11 below zero temperature hampered efforts to recover the bodies and start an investigation into the crash. Teams of workers from the Air Force, FAA, National Transportation Safety Board the FBI hoped to reach the scene by helicopter or small plane today.

George Fay of the Federal Aviation Administration in Anchorage confirmed that the reports indicated either an explosion or that the plane was trailing smoke before it hit the frozen ground and careened into the ice of Spotsy Lake.

The FAA said there was no indication of what caused the crash.

Arkansas Is Due to Get Colder

By THE ASSOCIATED PRESS
Cold air flowing southward behind a low pressure area is expected to force Arkansas temperatures down near the freezing mark by Wednesday morning.

Precipitation is expected in most areas of Arkansas today as the low pressure system moves northeastward.

Light rain fell Monday night, mostly in the southeastern portion of the state.

Temperatures over Arkansas Monday were cool where a cloudy cover remained most of the day but temperatures climbed to the low 50s in the western and northwestern portions where skies cleared.

The highs reported around the state Monday ranged from 49 at Walnut Ridge to 61 at Fort Smith.

Fire Destroys Building at Texarkana

TEXARKANA, Ark. (AP) — Fire swept through a section of downtown Texarkana late Monday night, destroying one building and damaging four others. No one was injured.

Fire Chief Gene Davis said that if it had not been for two fire walls on the large amount of water poured into the flame, the blaze would have spread throughout the entire block of businesses.

There was no immediate estimate of damage and the cause of the fire was undetermined.

Davis said Stanley's Fabric Co. was completely demolished by the fire, which raged out of control for two hours before firemen could contain it.

One policeman said he could not see the buildings because of the heavy smoke. He said the flames could be seen from a mile away.
